Bullying is unwanted aggressive behaviour among school aged children that involves a real or perceived power imbalance. The behaviour is repeated, or has the potential to be per repeated, over time. Both kids who are bullied and who bully others may have serious lasting problems.

The Central board of Secondary Education (CBSE) has termed bullying on the school campuses as “critical”. Bullying has serves detrimental effects on those who are bullied. The effects can be immediate. They can also be long-term and can cause lifelong damage. In every bullying situation, there are typically three key parties – the victim, the bully or bullies, and the bystanders, who are aware of the bullying. Each of these three parties is affected negatively by bullying. According to the circular dated March 9, bullying can be directly from the bully to the victim (e.g. through physical intimidation or attack, verbal abuse, unwanted attention and advance, damaging property), or it can be indirect (e.g. through spreading malicious rumors) It can also include cyber-bullying (e.g. sending unpleasant SMS messages, photographs or emails, to the victim or two others).
