

Sakhi Savitri Committee 2026-27

According to the Child Rights Protection Act, it is intended to protect the interests and rights of all children. In the current situation, there is a need to prioritize the education, health, and safety of girls. The impact of COVID-19 has had far-reaching effects on the education of both boys and girls. There is concern that due to the migration of parents, the number of out-of-school children may increase, and the rising incidence of child marriages is also alarming.

To ensure that children receive a safe and child-friendly environment at home, in school, and in society, and to promote social and emotional learning, the government had been considering forming committees at various levels on the occasion of the 125th death anniversary of Dnyanjyoti Savitribai Phule.

In order to ensure the safety of boys and girls and to create a healthy and balanced environment in all schools across the state, the government is establishing the Sakhi Savitri committees at various levels.
