

Dear Parents

Greetings from GG International School !

GGIS is committed to safety and well-being of its community. The health of our students is of utmost importance to us. The school has been keeping a close watch on the news and advisories issued by Government organizations.

In order to ensure the safety of its teachers, students, parents and employees the following measures have been taken:

1. Summer Camp 2020 has been cancelled
2. All our preschool centres have been closed until further notice
3. Employees have been advised to use sanitizers, tissue, liquid soap and not shake hands.
4. Visitor movement will be restricted in school from 13th March onwards.
5. Parents who wish to visit the school should inform one day before and mention if they have travelled abroad.
6. Anyone with cold and cough has been advised to take a sick leave and stay at home.
7. School has issued advisory on all its social media platforms as well
8. The school premises are cleaned daily with utmost caution and care.

We also request you to take a few necessary precautions at your end as well:

1. If you have just arrived from an international location kindly get yourself checked with your doctor on the day of return.
2. If you have just arrived from an international location then please self-quarantine yourself and your family for 15 days.
3. If you have friends/colleagues who have returned from an international location then please advise the above 2 points to them and keep away from them until 15-20 days.
4. At home, please keep your environment hygienic and make sure you wash your hands before you touch your child, eat, drink, etc.
5. If you or your child is suffering from prolonged (beyond a week) cold, cough, fever etc. then please get the same checked from your doctor.
6. Restrict your movement in public spaces such as theatres, shopping malls etc.
7. In case of illness it is best to avoid travel and consult a doctor.
8. Maintain distance of 1 metre while communicating to someone who has a cough or cold.
9. Wash your hands frequently with soap and water, especially before and after eating, using the toilet and touching objects/things in public spaces.
10. Stay away from school and offices in illness. Share your travel history with your office and school.

Should any of you feel we need to take extra care then please feel free to suggest the same to us and we will do the needful.

P.S – If any parent of our school and has been in contact with anyone who has arrived from an international location then we request you to honestly inform us of the same and also self-quarantine yourself. This is not panic but a purely precautionary measure to ensure the others around us are protected.

Best wishes,

Bharti Bhagwani
Principal
